### The Dynamics of Social Behavior

Friday, May 24, 2013, 2:30 PM - 3:50 PM  
Washington 2

Add to Itinerary

Chair: **Rachel W. Kallen**  
*University of Cincinnati*

Research concerning the processes that underlie social interaction and coordination has grown dramatically over the last two decades. This symposium presents research from social psychology and cognitive science aimed at understanding the dynamics of such phenomena as they relate to language, stereotyping, social functioning, and the design of multi-agent systems.

**Subject Area:** Social

#### *How interactive goals shape the coordination of body and speech during conversation*

**Rick Dale**

*University of California, Merced*

Co-Author: *Alexandra Paxton, University of California, Merced*
